

Registration and Academic Records

BUSINESS ISSUE

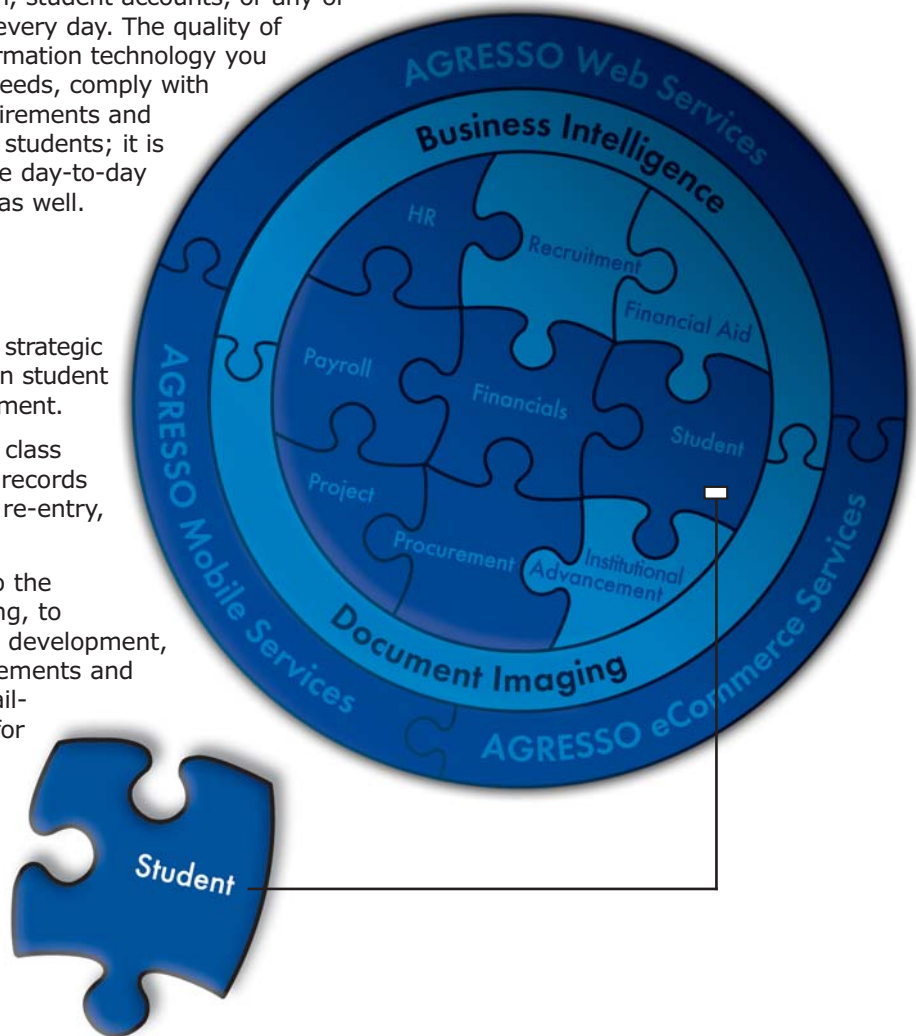

If you manage admissions, financial aid, registration, student accounts, or any of the key student services, you face new challenges every day. The quality of the service you deliver depends greatly on the information technology you use. As you strive to meet ever changing student needs, comply with government regulations, satisfy new reporting requirements and ultimately help attract and retain the best available students; it is imperative that you have access to tools that handle day-to-day administrative concerns and prepare for the future as well.

SOLUTION

AGRESSO Registration and Academic Records is the strategic solution that can help you maintain high standards in student services through more efficient information management.

AGRESSO simplifies preparing course catalogs and class schedules, registering students, keeping academic records current and monitoring academic records. Without re-entry, applicant data becomes part of student records.

Authorized student data is immediately available to the Student Accounts Module for charging and refunding, to PowerFAIDS¹ for compliance checking and package development, to Student Advising for checking graduation requirements and academic progress assistance. Similarly data is available to The Raiser's Edge², to which responsibility for non-academic data is automatically transferred once students graduate.

One Size Fits One

Next Step: One Size Fits You!

Agresso would like to exceed your expectations as we have for so many other higher education institutions in North America and Europe. For more information, telephone us at **888-AGRESSO** (888-247-3776) or visit us at www.agresso.com

A UNIT4AGRESSO Company

FEATURES

- Catalogs are maintained and new course schedules are created
- Multiple divisions, schools, programs and departments with different session calendars can be handled concurrently
- Student registration occurs on-line with immediate checks for holds, course and section validity in accord with the student's program(s), space availability, time conflicts, and pre-requisites
- Wait listing is available for sections that are full
- Registration or pre-registration can occur continuously or arena-style, and may occur in person, by mail, or by telephone
- A student may register for any number of present or futures sessions, and may be enrolled in multiple programs concurrently
- Grade-entry is an easy process that immediately validates each grade being entered against course and registration parameters
- Maintenance capabilities can be used to add transfer work detail or summary, accomplishments, exams, waivers, and comments
- Every grade change results in immediate, automatic updating of all affected GPAs. Repeated courses update credit hours, GPAs and notations on transcript according to user-defined policy
- Academic progress is readily monitored
- Embedded Document Imaging

BENEFITS

- AGRESSO cuts through the complications of managing student records and gives staff comprehensive, on-line access to all student systems. You don't waste time compiling information from multiple sources
- Flexible support for on-line and web registration, course maintenance, and class scheduling lets you respond quickly to changing circumstances
- Provides a systematic method of accurately maintaining and receiving data for courses and students
- The reduction in paperwork frees your staff to devote more time to helping students
- Allows for multiple methods of registration to speed up the process and shorten student lines
- Provides data validation for accurate registration
- Allows for easy tracking of student academic progress, including highlighting "at risk" students for intervention by Enrollment Management
- Well-designed menus make navigation intuitive
- Integrates with the following 3rd party products: Recruitment Plus (The College Board), PowerFAIDS (The College Board), and Raiser's Edge (Blackbaud)

One Size Fits One

1 Recruitment Plus and PowerFAIDS are the premier admissions and financial aid products manufactured by The College Board.

2 Raiser's Edge is the premier institutional Advancement solution from Blackbaud.
